2015-16
MONTHLY
FINANCIAL REPORT

AS OF
February 29, 2016

Prepared by: Finance

March 28, 2016

Cottonwood Heights

The Honorable Mayor and Members of the City Council:

The monthly financial report for the new 2015-2016 fiscal year, month ending February 29, 2016 is presented for your review and comment.

General Fund – Revenue

Real Property Taxes - Calendar year 2015 property tax revenue collection has concluded and has been posted into fiscal year 2016. Additional small collections will be added and the county will send out a reconciliation at the end of March. Prior year's delinquent taxes are collected throughout the fiscal year.

Sales Tax Collections – Collections for the city occur two months behind the merchant's collection period. The first five months of this year's distributions are over 5.74% higher than prior year's distributions. Previous year's annual changes were up 2.22% in FY 2015 and 3.85% in FY 2014.

E911 Emergency Fees – The City continues to receive a part of the E911 revenues generated on telephones within the City boundaries.

Energy Sales and Use Tax – Energy use taxes are a newly imposed tax as of October 1st. These taxes are also collected on many who are exempt from property and sales taxes, allowing the City to increase the base of entities that contribute to the funding of City operations. Collections are equal to estimates previously made.

Fee-In-Lieu of Property Taxes – Calendar year 2015 revenue collections occur the same as other Real Property Taxes.

Franchise Taxes – This revenue includes a cable TV tax reported quarterly and has continued to increase slightly each year.

Transient Room Tax Collections – This tax collection is reported by entities on the same schedule as general sales tax reporting.

Licenses and Permits –Business Licensing' activity is on target. Building permits are on target. Road Cuts revenues are billed monthly along with over the counter payments. Animal licensing collections continue as expected.

Intergovernmental Revenues – Class C road funds are paid bi-monthly and appear to be up 1.75 percent over last year. We hope to see additional revenues in the last distribution for the fiscal year from the newly imposed statewide tax implemented on January 1st. Liquor Funds are distributed once a year in December. Other Federal Grants (CDBG) are reimbursed to the City as expenses are submitted for funding.

Charges for Service – Zoning revenues are exceeding budget, due in part from billings for annual inspections of short term rentals as part of the annual business licensing are billed in July.

Fines and Forfeitures – Primary revenues from tickets processed through Holladay Justice court are reconciled and collected quarterly.

Miscellaneous/Interest – The interest earnings on our PTIF account with the State Treasurer is split among General Fund and Capital Projects Fund and other designated fund balances. Total earnings in all funds in the PTIF for the fiscal year are $26,844 and are mostly credited to Capital Projects Fund balance and the Community Development and Renewal Agency Fund. The interest for the Sales Tax Revenue Bond – Construction Fund are also posted to Construction Fund and has totaled $40,949 this year.

General Fund – Expenditures

General Government – All department expenditures are within budgeted amounts. Some departments have large annual expenditures during the first of the year.

Public Safety - The Public Safety department includes police, fire and ordinance enforcement. The police department is within budget year to date. The fire department is billed quarterly and reflects payments for services through March 31st. Ordinance Enforcement is within budget.

Highways & Public Improvements – Public Works expenditures are within budget. The Class C Road program budget is primarily for street sweeping and the Terracare public works roads contract.

Community and Economic Development - All department expenditures are within budget.

Debt Service - The City has made the first Municipal Center Sales Tax Bond payment and the additional mid-year payment of $285,000. The City also has a capital lease for leased public safety vehicles.

General Fund - Other Financing Sources and Uses

Unrestricted General Fund Balance Appropriated – This budgeted balance has been budgeted at $605,740 from fiscal year 2015 fund balance.

Appropriated Beg Balances – Class C Road funds' carried forward from the prior year is estimated at zero.

Transfers - Transfers to the Capital Projects fund are budgeted and primarily expended at year-end when available funds are known. There is $278,625 budgeted as a transfer to Capital Projects.

General Fund – Fund Balance

Fund Balance - The Beginning Balance of Unrestricted and Unassigned funds for fiscal year 2016 is currently not estimated. The Unrestricted Assigned General Fund Balance will be a 6.0 percent reserve to $1,040,168. Of the $1,074,502 balance of Unrestricted and Unassigned General Fund, $605,740 has been appropriated for the current budget.

Capital Projects – Revenue

Revenue - Interest calculations are based on the PTIF earnings rate at the State of Utah Treasurer's Pool account for the City. Impact Fees are collected as permits for various developments are issued. Additional grants are expected as application and requirements are met for distribution of funds.

Capital Projects - Expenditures

General Government –This budget includes $13,245,093 for projects and engineering. Various projects are itemized as line items in this report.

Capital Projects – Other Financing Sources / Uses

Transfers from General Fund – There is $278,625 of budget transfers from the General Fund.

Unrestricted Assigned Capital Improvement Projects Appropriated – The current appropriated amount of $3,854,108 represents the prior year's ending fund balance. All prior budgeted capital projects funding that is unspent in fiscal year 2015 were reviewed and re-appropriated though budget amendments in 2016. The Construction Fund from

Sales Tax Revenue Bonds is available for reimbursement as expenditures on City Municipal Center occur during the year.

Employee Benefits Fund – an Internal Service Fund

The purpose of this fund is to pay as you go with regards to employee's accrued benefits. This report shows the total balance in the PTO liability account and any uses during the reporting period. The year-end calculated amount of the potential future liability for lump sum payouts has been funded. By doing so the City should never find itself with an unexpected or unfunded employee benefit liability. This was funded $64,202 in FY 2015 based on actual accrued employee PTO (Personal Time Off) and is budgeted to receive an additional $104,371. Current funded liability balance is $383,440.

Community Development and Renewal Agency

The purpose of this fund is to account for activity of Interlocal Agreements between the City and approved project areas. There is currently no budget. Interest revenues are earned on the existing funds.

Community Events & Activity Summary

This report is a compilation of various activities that are tracked to collect data by project or activity. The amounts shown are as of the date of the report.

Sincerely,

Dean Lundell
