City between the canyons

2014-15
MONTHLY
FINANCIAL REPORT

AS OF
February 28, 2015

Prepared by: Finance

March 23, 2015

Cottonwood Heights

The Honorable Mayor and Members of the City Council:

The monthly financial report for the 2014-2015 fiscal year, month ending February 28, 2015 is presented for your review and comment.

General Fund – Revenue

Real Property Taxes - Deferred calendar year 2014 revenues have been posted into fiscal 2015 along with annual property tax collections through the end of December. This will be finalized with the annual reconciliation sent to the City on March 31, 2015. Current calendar year 2015 revenues are now being deferred to fiscal year 2016.

Sales Tax Collections – Collections for the City occur two months behind the merchant's collection and six months of distribution for fiscal year 2015 have been received. Currently collections are 102.31 percent of the prior year to date. Other agencies or analytical groups are predicting a current 104.1 percent of prior year to date, yet this may include additional periods of actual data.

E911 Emergency Fees – The City continues to receive a part of the E911 revenues generated on telephones within the City boundaries. We are currently reviewing both sales tax and E911 revenues from the telecomm companies for completeness.

Fee-In-Lieu of Property Taxes – Deferred calendar year 2014 revenues have been posted into fiscal 2015 along with current monthly revenues. Current calendar year 2015 revenues are now being deferred into fiscal year 2016. This revenue is based on the City's real property tax rate, as a percent of all real property taxes levied in the City.

Franchise Taxes (Cable TV) – This revenue source reports and pays on a quarterly basis. This revenue has now shown a slight reduction of 1.94 percent year over year.

Transient Room Tax Collections – This tax collection is reported by entities on the same schedule as general sales tax reporting.

Licenses and Permits –Business Licensing' activity is on target and includes permit fees for special events. Building permits have started this year on target. Road Cuts revenues are billed monthly along with over the counter payments. Animal licensing collections are entering their seventh year.

Intergovernmental Revenues – Class C road funds are paid bi-monthly, currently they are 5.19% less than the prior year. Liquor Funds are distributed once a year in December and are 7.72% less than the prior year. Other Federal Grants (CDBG) are reimbursed to the City as expenses are submitted for funding.

Charges for Service – Zoning revenues are on target for the year. Billings for annual inspections of short term rentals as part of their annual business licensing have been correctly reflected as July revenue for the fiscal year.

Fines and Forfeitures – Primary revenues from tickets processed through Holladay Justice court are reconciled and collected quarterly and are currently only 45 percent of budget.

Miscellaneous/Interest – The interest earnings on our PTIF account with the State Treasurer is split among General Fund and Capital Projects Fund and other designated fund balances. Total earnings in all funds in the PTIF for the fiscal year are $23,037 and are mostly credited to Capital Projects Fund balance. This revenue is also netted against credit card charges incurred as the City accepts payment from credit card payments.

General Fund – Expenditures

General Government – All department expenditures are within budgeted amounts. Some departments have large annual expenditures during the first period of the year.

Public Safety - The Public Safety department includes police, fire and ordinance enforcement. The police department is within budget year to date. The fire department is billed quarterly and reflects payments for services through March 31st. Ordinance Enforcement is within budget.

Highways & Public Improvements – Public Works expenditures are within budget. The Class C Road program budget is primarily for street sweeping and the Terracare Associates roads contract.

Community and Economic Development - All department expenditures are within budget.

Debt Service - The City has a capital lease for leased public safety vehicles. Interest on this debt is accrued to the fiscal year in which it was earned.

General Fund - Other Financing Sources and Uses

Unrestricted General Fund Balance Appropriated – This amended budgeted balance has been budgeted at $659,586 from fiscal year 2014 fund balance.

Appropriated Beg Balances – Class C Road funds' carried forward from the prior year is zero.

Transfers - Transfers to the Capital Projects fund are budgeted and primarily expended at year-end when available funds are known. There is $85,000 of budgeted transfer to the CDRA fund.

General Fund – Fund Balance

Fund Balance - The Beginning Balance of Unrestricted funds for fiscal year 2015 is currently estimated at $2,407,142. Of this amount, the Unrestricted Assigned General Fund Balance is a 6.0 percent reserve of $924,392. Of the remaining funds, $659,586 has been appropriated in the current amended budget.

Capital Projects – Revenue

Revenue - Interest calculations are based on the PTIF earnings rate at the State of Utah Treasurer's Pool account for the City. Impact fees are collected on new development permits as they are issued. There is also a budgeted CDBG grant.

Capital Projects - Expenditures

General Government –This budget includes $17,166,241 for projects and engineering. Various projects are itemized as line items in this report.

Capital Projects – Other Financing Sources / Uses

Transfers from General Fund –Transfers in the fiscal year will be made when annual revenues and expenditures are known and available funds are known at year end.

Reimbursements – Sales Tax Revenue Bonds – These funds come from the Sale Tax Revenue Bonds issued July 2, 2014. Reimbursements of amounts spent in fiscal year 2014 have been reimbursed in fiscal year 2015. Future expenditures that are to be covered by bond proceeds, will be reimbursed as requests are submitted.

Fund Balance Appropriations – Restricted Impact Funds of $128,472 for both Storm Water and Transportation impact fees have been appropriated. The unrestricted fund balance has been amended to $2,250,717 and is most of the prior year's ending fund balance. All prior budgeted capital projects amounts that were unspent in fiscal year 2014 have been reviewed and re-appropriated through budget amendments in 2015.

Employee Benefits Fund – an Internal Service Fund

The purpose of this fund is to pay as you go with regards to employee's accrued benefits. This report shows the total balance in the PTO liability account from the prior fiscal year-end. The year-end calculated amount of the potential future liability of lump sum payouts is funded each year. By doing so the City should never find itself with an unexpected or unfunded employee benefit liability. This was funded $1,597.01 in FY 2014 based on actual accrued employee PTO (Personal Time Off) and is budgeted to receive an additional $104,371 funding at year-end. Current funded liability balance is $317,628.

Community Development and Renewal Agency

The purpose of this fund is to account for activity of the Interlocal Agreement between the City and the Canyon Centre Community Development Project Area. Our first distribution of CDRA revenue has been received. There is an amended budgeted transfer from the General Fund for $85,000.

Community Events & Activity Summary

This report is a compilation of various activities that are tracked to collect data by project or activity. The amounts shown are as of the date of the report.

Sincerely,

Steve Fawcett
