Safety Message

SPRING FIRE SAFETY

Now that it is spring, thoughts turn to cleaning up from the long winter and making repairs around the home and enjoying the outdoors. Keeping a few safety thoughts in mind will help you make your experience much more enjoyable.

Inside the Home:

Check and clean your smoke and carbon monoxide detectors
Check your fire extinguishers
Check for overloaded or damaged extension cords
Prepare for storm related outages: make sure your flashlights and portable radios have batteries and that other supplies (such as bottled water) are stocked and available
Practice exit drills with your family so everyone knows what to do in case of an emergency
Properly store household chemicals and never mix cleaning agents

Safety Message

Outside and Around the Yard:

Make sure your house address numbers are up and visible from the street

Clean up yard debris. Cut back dead limbs and grasses

Maintain a clear 'fire zone' of 10' around structures. Clean up leaves and debris and consider using stone or non-combustible mulches

Check outdoor electrical outlets and other electrical appliances

Get your grill cleaned and serviced. Check all propane tanks and lines for leaks and damage

Keep 100' of garden hose with an attached nozzle connected and ready for use

In the Garage or Shed:

Clean up and properly store paints, pool and yard chemicals

Check fuels containers for leaks and make sure they are properly stored

Have all power equipment cleaned, serviced and readied for use

Questions??

For further questions or comments please contact Assistant Chief Mike Watson
