October receipts are down slightly from the previous month and are projected to be on budget. With regard to property tax, no problems are foreseen. All other sources of revenue seem to be on target. All departments are spending funds as necessary. The Council budget appears larger due to the property insurance paid out of their budget, but will go down once it is allocated to each department. Larson and Company, the external auditors, have been brought in earlier this year to complete the audit before December 1. All of the event budgets are on target. It is expected that the unallocated fund balance will total approximately $800,000.
