MINUTES OF THE COTTONWOOD HEIGHTS CITY COUNCIL WORK SESSION
HELD TUESDAY, APRIL 26, 2016 AT 6:00 P.M. IN THE COTTONWOOD HEIGHTS
CITY COUNCIL CONFERENCE ROOM LOCATED AT 1265 EAST FORT UNION
BOULEVARD, SUITE 250, COTTONWOOD HEIGHTS, UTAH

Members Present: Mayor Kelvyn Cullimore, Councilman Scott Bracken, Councilman Mike
Shelton, Councilman Mike Peterson, Councilman Tee Tyler

Staff Present: City Manager John Park, Assistant Emergency Manager Mike Halligan,
Assistant City Manager Bryce Haderlie, City Recorder Linda Dunlavy, City
Attorney Shane Topham, Community and Economic Development Director
Brian Berndt, Finance Director Dean Lundell, Police Chief Robby Russo,
Public Relations Specialist Dan Metcalf, Public Works Director Mike Allen,
Assistant Chief Mike Watson, Terracare Representative Dave VanWagoner

WORK SESSION

Mayor Kelvyn Cullimore called the meeting to order and welcomed those in attendance.

1.0 Review of Business Meeting Agenda.

1.1 Mayor Cullimore reviewed the Business Meeting Agenda.

1.2 Assistant Emergency Manager, Mike Halligan, gave a brief overview of the recent
Emergency Preparedness Event. They received multiple comments stating they have never
seen so much active participation by residents where over 300 people were out and
communicating via radio and taking part in the event. Shelter management was discussed.
Mr. Halligan reviewed the Shake Out event that took place at the State level and partnered
with the Red Cross. He next described the use of drones throughout the City.

2.0 Public Relations Report.

2.1 Public Relations Specialist, Dan Metcalf, reported on events that took place throughout the
City the previous week.

Media coverage was presented for the following:

- Implementing idle free zones.
- Naloxone administration.
- Stolen credit cards.
- 26.5-acre rezone at the mouth of the Canyon.

2.2 Mr. Metcalf reported that the newsletter was approved and would be available to the
community by Saturday.
3.0 Public Works Report.

3.1 Terracare Representative, Dave VanWagoner, reported that the Public Works Department is currently working on patching and crack sealing. Pothole patching and catch basins were scheduled for the coming week. Mayor Cullimore suggested making all upcoming construction available on the City’s website and in the newsletter. Mr. VanWagoner stated that the Fort Union Boulevard/Highland Drive Project is underway. Rocky Mountain Power has ordered the poles and expects to begin in November. Once underway, construction would begin in the spring of 2017. The design was described.

3.2 The City Council adjourned to the Council Business Meeting at 7:00 p.m. and resumed the Work Session at 7:45 p.m.

4.0 Planning and Economic Development.

4.1.1 Community and Economic Development Director, Brian Berndt, reported on the April 20, 2016 Planning Commission Meeting and stated that they reviewed a program for signage. Staff recommended denial. The Summerville Home Preschool and two rezoning requests were reviewed. Mayor Cullimore remarked that the City Manager of Alta lives near the subject property and because of his concern, he initiated the initial review of the Code. The Mayor confirmed that his arguments are being taken seriously and personally reviewed them with the City Attorney to leave no stone unturned.

4.1.2 City Attorney, Shane Topham, believed that with the land use, the inclusion of Home Occupation is a specific conditional use in the R-1-8 zone and they need to look at what can occur in home occupation.

4.1.3 Mr. Berndt next reviewed the two items that were up for rezoning and a General Plan amendment on the two properties located on Little Cottonwood Canyon Road. The Kessler property was described. Mayor Cullimore reported that it has always been their practice, especially if there is any element of controversy, to provide an opportunity for public comment before the Council. By State law, the public hearing is held at the Planning Commission level and they are not required to hold another hearing and take additional comment, but it has always been their practice to do so. Councilman Tyler stated that there are definite feelings involved with this issue and asked if additional comment could be taken in two weeks and the actual vote delayed.

4.1.4 Mr. Berndt stated that the Planning Commission next discussed the Mixed-Use zone. The one issue that had been a controversy was building height. They tried to restrict the height of the third story and confirmed that currently, the third story is approved by the Commission with no specificity as to height. Staff added the height into the Code and made the third story by right.
4.2 b. **CDBG Hearing.**

4.2.1 Mayor Cullimore stated that CDBG money in the past was allocated to each City to use as approved. When the City was first incorporated, guidelines for the utilization of those funds was much broader. The rules have since been tightened and it came to a point where based on socioeconomic metrics, it could be used for anything other than ADA ramps. Mayor McAdams sent out a letter specifying that CDBG funds are going to be consolidated instead of being given out to the cities because they believed they could do larger projects. Mayor Cullimore protested since those funds were already included in the current year’s budget. Unfortunately, it had become a funding mechanism for a wide array of smaller projects targeted primarily at the homeless and disadvantaged and has been concentrated in areas that are needier.

4.3 c. **Business Development Update.**

4.3.1 Mr. Berndt reviewed luncheons and ribbon cuttings throughout the City. Sports Authority and the Sports Chalet have both filed for bankruptcy. They are working with the Recreation Center to put on a working fair June 30, 2016.

5.0 **Public Safety Reports.**

5.1 a. **Unified Fire Authority.**

5.1.1 Assistant Fire Chief, Mike Watson, presented the UFA report and stated that one of their retired captains passed away a few days prior. He had nothing further to report beyond what was addressed during the Business Meeting.

5.2 b. **Police Department.**

5.2.1 Police Chief, Robby Russo, reported that the Narcan training was going well. Future candidates were being reviewed. The Butler Elementary D.A.R.E. graduation was scheduled for May 2016.

6.0 **City Manager/Assistant City Manager Report.**

6.1 a. **New City Hall Construction Report.**

6.1.1 City Manager, John Park, stated that the new City Hall project was moving forward and nearly all of the Police side had been painted and sheetrock was near completion. Windows were in the process of being installed.

6.2 b. **Review of Staff Communication.**

6.2.1 The above item was not addressed.
6.3 c. **Update on Transitioning Public Works.**

6.3.1 Assistant City Manager, Bryce Haderlie, reviewed the process of training snow plow drivers. He stated that each driver would know their route in addition to a book depicting all other routes, should they need to provide assistance in another area. Staff presented several options for a mechanical sweeper, one of which was one year old at a price of $15,000 less than the brand new. The mechanical sweeper had the ability to clean up heavier chips and rocks.

6.3.2 Mr. Haderlie next reported on road maintenance issues. He stated that if there were items the City was able to take care of without Terracare, they would get them done. They would continue to have Terracare handle the various projects they do not yet have the equipment or manpower for. Mr. Haderlie believed that with a full-time sweeper and the crews, they would have more cleanliness throughout the City and less overhead.

6.4 d. **Mountain Accord Executive Committee Meeting.**

6.4.1 Mr. Parks reported on the Mountain Accord Executive Committee Meeting and stated that they covered items such as land swaps and the shifting of the wilderness area to the east to exclude the Bonneville Shoreline Trail. For the most part, those involved agreed with those from Alta who expressed concern with some of the swaps that took place prior to the shift. Access to private property was reviewed.

7.0 **Mayor/City Council Reports.**

7.1 a. **Wasatch Front Waste and Recycling Administrative Control Board Meeting – Councilman Bracken.**

7.1.1 Councilman Bracken reported on the Audit Report. The appointment of Cathy Jensen as a new Controller was approved. Rocky Mountain Recycling went from paying out $15 a ton to charging $5 a ton due to the commodities markets going soft. The current rate is $15 per ton to recycle. Disposal costs are 16.4% of the total budget and glass collection is handled by Momentum and is an $8 per month bill add on.

7.2 b. **Butlerville Days Update.**

7.2.1 Councilman Bracken presented an update on Butlerville Days and stated that he participated in a full committee meeting where every aspect of the event was reviewed. 20 food vendors will be present, 10 of which will be food trucks. It was noted that Ford dealers throughout the Valley agreed to sponsor the event.

7.3 c. **ZAP Update – Councilman Peterson.**

7.3.1 Councilman Peterson presented a ZAP update and stated that the highest-ranking application was the City of Holladay’s Knudsen Park. With those rankings, they proposed to the committee that a separation be made in order to start making progress. Available funding was discussed.
7.4 d. Valley Emergency Communications Committee – Councilman Shelton.

7.4.1 Councilman Shelton reported on a recent Valley Emergency Communications Committee (VECC) Meeting and stated the project continues to move forward. They do not expect to see results for at least 18 months. It was reported that the City increased the pay of the majority of the people, which has reduced turnover considerably.

7.5 e. Walk On by City Manager John Park – Rocky Mountain Power

7.5.1 Mr. Park reported that he recently received a contract from Rocky Mountain Power after requesting the City be able to paint the bottom of the large poles with public art. Options were reviewed.

8.0 Calendar of Events.

8.1 Councilmember Schedules for the following week were as follows:

a. April 30 – Yoga Sunne Ribbon Cutting – 2242 Fort Union Boulevard, 10:00 a.m.
