1.0 Wasatch Front Waste & Recycling District Fee Schedule Presentation.

1.1 Pam Roberts, Wasatch Front Waste and Recycling District (WFWRD) Director, presented a proposed new fee for new homes that are built. Fees for existing homes in the District will not increase. The intent of the new fee is to have new homeowners pay for their cans and not to have existing homeowners pay for increased growth. The WFWRD Board passed the updated 2017 Budget, including a fee increase for new home owners, at a rate of $50 per home and a $10 delivery fee. Customers have the choice of paying the entire amount up front or having it split up in their bill. This will also apply to all homes that are demolished and rebuilt and for lot splits. Under the County Resolution the WRWRD needs City approval from all the cities in the District before the fee can take effect. There is a resolution template for all the cities to use.

1.2 Ms. Roberts discussed and answered questions regarding the WFWRD fund balance for the 2017 Budget and the projected budget. The Board decided to spend down $1.2 million of the fund balance to prolong a fee increase until 2018. The Board is also prolonging the purchase of six silo trucks to save $1.8 million in this year’s budget. The Board is reviewing the rate increase for 2018, including surveying residents about continuing the same level of service but with a rate increase of $2.00. There is a projected rate increase for 2018 to $14.75.
