3.1.1 Police Support Supervisor, Candie Terry, presented the Police Report for the month of
December and stated there were 357 911 calls, 432 on-view calls, and 859 phone ins. There
were 488 Priority 1 calls, 336 Priority 2 calls, and 334 Priority 3 calls. Response times for
Priority 1 calls averaged 4:33, Priority 2 calls averaged 5:47, and Priority 3 calls averaged
6:46. In total, there were 60 calls in the Park Centre area which means that 25 to 30 percent
of the Police Department’s time and resources were spent in that two-block area. District 1
calls included accidents, theft, and suspicious circumstances. District 2 calls included
suspicious activities, alarms, and domestic violence. There were several reports of vandalism
on Meadow Downs Way. There were 56 adult arrests and nine juvenile arrests. There were
189 citations issued with nine DUls and 54 warnings. 45 crashes were reported with property
damage and 18 with injury.
3.2 b. **Public Works Report — Public Works Director Matt Shipp.**

3.2.1 Public Works Director, Matt Shipp, presented the Public Works Report for the month of December and stated that they have put down several thousand tons of salt. Snow truck GPS systems were being refined and pothole repairs were taking place. There was also ongoing storm drain clearing and tree trimming being done. Mr. Shipp reported that the 50/50 concrete program will be upcoming. UDOT will also be addressing the Council regarding the high T intersection on Wasatch and Danish.

3.2.2 Mayor Cullimore asked what is being observed and what is being done with streets that are being missed by our snow plowing routines. Mr. Shipp explained that routes have been adjusted and newer snow plow drivers are catching up. Staff had observed the residents’ expectations and the service being offered and stated that sometimes if a resident does not see a plow and sees ice on the road, they immediately assume that a plow has not been there. Even after a plow has done its job, it is possible for a road to develop a sheet of ice that the plows cannot plow through. The age and maturity of the crew and the realization of the mental and physical toll that long hours of plowing can take on drivers was discussed. Staff is rotating drivers as best they can and were continuing to provide instruction. Drivers have not had a weekend off in over a month and continue to strive to do better. They have put in just over 10,000 miles behind the wheel and Mr. Shipp stated that staff has done an excellent job. Mayor Cullimore and the Council expressed appreciation for all the hard work done by the Public Works crew and staff.
