COUNCIL CONFERENCE ROOM LOCATED AT 2277 EAST BENGAL BOULEVARD,
COTTONWOOD HEIGHTS, UTAH

Members Present:  Mayor Mike Peterson, Council Member Mike Shelton, Council Member Scott
Bracken, Council Member Tali Bruce, Council Member Christine Mikell

Staff Present:   City Manager John Park, Assistant City Manager Bryce Haderlie, City
Attorney W. Shane Topham, Police Chief Robby Russo, Assistant Fire Chief
Mike Watson, Public Works Director Matt Shipp, Finance Director Van Tran,
Public Relations Specialist Dan Metcalf, Senior Planner Michael Johnson, City
Planner Andrew Hulka

1.0 WELCOME

1.1 Mayor Mike Peterson called the meeting to order at 7:00 p.m.

1.2 The Pledge of Allegiance was led by Council Member Shelton.

2.0 ACKNOWLEDGEMENTS

2.1 Police Chief, Robby Russo, introduced Officer Jamie Croft and welcomed him to the
Cottonwood Heights Police Department. Officer Croft moved to Utah from Texas with his
family. Chief Russo knew just from interacting with Officer Croft that he had the experience,
training, and education necessary to be a good fit within the department.

2.2 Officer Croft reported that he has spent the last 10 years as active duty military and began his
career with the Military Police. He moved into investigations and served the last four years
with OSI, which is the Air Force’s version of NCIS. He finished a seven-month deployment
in Afghanistan and looked forward to more stability for his family.

3.0 CITIZEN COMMENTS

3.1 Robert Jacobs expressed his appreciation to the City Council and their hard work. He thanked
Council Member Bruce for allowing citizens to meet and discuss their concerns. He had
recently heard that the Granite Community Council was providing 1,500 parking spaces
somewhere within the City. He commented that the Accessory Dwelling Unit Ordinance
(ADU) was still causing confusion and he believed there was no way to preserve the character
of a single-family neighborhood by allowing two families.

3.2 Mayor Peterson remarked that although that parking statement was made, it is just one of many
concepts that UDOT has been brainstorming. There is an entire process and multiple steps that
need to be taken.

3.3 Eric Kraan thanked the Council Members who made themselves available and held open
meetings allowing citizens to attend. He stated that Ordinance 19.76 should be clarified and
believed the City should put guardrails along the six-foot retaining wall. Erosion and watershed
issues should also be considered as it will create a conflict between neighbors instead of the
city actually taking on the responsibility and conflict themselves. He asked the Council to
consider placing a ban on plastic bags.

3.4 **Anna McNamer** was present representing another resident who was too sick to attend. She
asked the Council to delay the vote on ADUs to allow for more clarity. She asked them to
acquaint themselves with the Ready for 100 Initiative put on by the Sierra Club which asks
cities to make an attempt to be 100% energy renewable in the next 40 years. Pursuing a
Sustainability Director was also recommended as well as an interlocal agreement and changes
to make the City’s planning efforts more transparent to the public. She thanked Council
Member Bruce for her consistency in engaging with her constituents.

3.5 **Arnold Grundvig** stated that constructing a roundabout in front of a high school to slow down
traffic and taking away stop signs to stop traffic is unsafe and puts children at risk. As stated
in the newsletter, there have been over 31 million car trips over the last five years and only one
pedestrian accident. He believed there was very little that can be improved there. He was in
the process of investigating the cost to place signs expressing opposition to the proposed
roundabout and noted that of the several hundred intersections studied, he had found that it
slows traffic and reduces the cost of accidents but does not prevent them. Of those several
hundred, they chose six intersections to choose statistics to evaluate pedestrian safety.

3.6 **Lynne Krauss** believed that reviewing each of the citizen comments following the business
meetings is a positive step. She commented that the City Council has a right to question where
public dollars are spent and expressed disappointment with what she believed to be a lack of
respect for the police force. She stated that morale can be affected by a budget reduction but
suggested the City Council take it head on and become a part of the rumor mill solution and
not a part of the problem. She applauded the new Council Members for bringing new ideas to
the table and listening to constituents.

3.7 **Tim Hallbeck** considered this to be the perfect opportunity to take care of any UDOT issues
since they will be holding an Open House at the same time.

3.8 **Jeff Davies** provided staff with information regarding Ordinance 293 and spent half the year
on the east coast where fence policy requires people to install fencing that looks good on both
sides. He believed that the fencing in Cottonwood Heights is a bit of an eye sore and suggested
that a similar regulation be added to the City Ordinance.

3.9 **Nancy Hardy** asked if Cottonwood Heights has the ability to deny the PDD increase that the
IOC is looking to increase from 25 to 35. She asked that if the City does approve any type of
change for one person whether they are obligated to approve the same for all like properties.
She questioned who initiates the gravel pit open house and who is overseeing the process.

3.10 **Dirk Cowley** complimented the City on the new bike lanes. As a cyclist, he stated that the
most dangerous places in Cottonwood Heights are in front of Brighton High School and LDS
churches on Sundays. The law in the State of Utah is that it is illegal to park in a bike lane,
with the exception of buses while loading. He stated the response received from the CHPD is
that they will selectively enforce the law and encouraged Council Members to review this
safety issue farther.
4.0 STANDING MONTHLY REPORTS

4.1.1 Police Support Supervisor, Candie Terry, presented the Police Report for the month of March 2018 and stated 480 911 calls were received, 519 on-view calls, and 841 call-ins. There were 524 Priority 1 calls, 367 Priority 2 calls, and 380 Priority 3. Priority 1 response times averaged 4:37, Priority 2 averaged 5:50, and Priority 3 averaged 6:29. The Utah Crime Report was down from the previous year and included 14 assaults, eight burglaries, and one stolen auto. There were 78 adult arrests and 19 juvenile arrests. There were 42 burglaries, of which 34 were from vehicles. Photos of graffiti on the retaining wall along Wasatch Boulevard were displayed. She stated that as a Police Department, they visited Bella Vista Elementary School and read to the children as a part of Dr. Seuss’s Birthday celebration. The safety message included details regarding distracted driving.

4.2 Public Works Report – Public Works Director, Matt Shipp.

4.2.1 Public Works Director, Matt Shipp, presented the Public Works Report for the month of March 2018 and stated they are taking care of required maintenance and the banners that are seen around the City. With regard to engineering, the La Cresta and I-215 Project will be coming out for bid within the next month and the Pavement Management Study was scheduled for the next week. Mr. Shipp reported that 2700 East will be constructed this summer. Staker was the low bidder and the Fort Union chip seal and restriping will take place at the same time. Funds for the 2300 East restriping had been received and will be going out for bid. UDOT was adding a northbound lane at the High-T in order to extend the merge. He confirmed that they received 14 inches of snow and used approximately 400 tons of salt.
