

COTTONWOOD HEIGHTS

RESOLUTION NO. 2014-56

A RESOLUTION EXPRESSING SUPPORT FOR A SINGLE COMPUTER-AIDED DISPATCH SYSTEM THROUGHOUT SALT LAKE COUNTY

WHEREAS, as a municipality located in Salt Lake County (the “*County*”), the city of Cottonwood Heights (the “*City*”) is committed to providing critical, lifesaving, public safety communications (911) through the establishment of a single computer-aided dispatch (“*CAD*”) system throughout the County for the benefit of all those who live in or visit the City or the County; and

WHEREAS, House Bill 155, Utah Communication Agency Network and Utah 911 Committee Amendments (“*HB 155*”), was enacted during the 2014 session of the Utah Legislature, which establishes, in part, the “Computer-Aided Dispatch Restricted Account” (the “*Account*”); and

WHEREAS, the Account was created by the Legislature to be used exclusively to enhance public safety efforts within the state by funding the procurement of a single CAD system for public safety agencies within the County, when authorized through an interlocal agreement between the County’s two primary “public safety answering points;” and

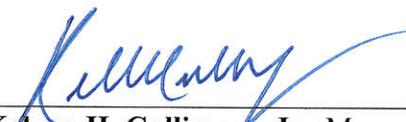

WHEREAS, Salt Lake City Corporation and the Valley Emergency Communications Center Board of Trustees have determined that it is in the best interests of the residents of their respective jurisdictions to enter into an interlocal cooperation agreement to jointly engage a consultant (the “*Consultant*”), through a request for proposals/request for qualifications process intended to lead to the execution of a contract, and, in cooperation with the CAD selection committee, recommend the selection of a single CAD system for the County.

NOW, THEREFORE, BE IT RESOLVED by the city council of Cottonwood Heights that the City resolves to fully support and abide by the recommendations of the Consultant, in coordination with the CAD selection committee, whose purpose shall be to select one or more vendors to provide a single CAD system capable of achieving the above-stated goals of establishing an efficient and effective 911 system throughout Salt Lake County and meeting the requirements of HB 155.

This Resolution, assigned no. 2014-56, shall take effect immediately upon passage.

PASSED AND APPROVED this 9th day of September 2014.
