October 2-2018 – No City Council Meeting – Historic Committee Dinner with the City Council

Public Relations:
1.  Attended the Utah State Archive RIM Conference in Sandy, where I gave a presentation on social media policies. It was well received, and I was given some very positive feedback.
2.  Compiled most, but not of the October newsletter content. Had to wait until Monday to get the rest in. It will be difficult to fit all the content into 8 pages, but we will make adjustments as necessary.
3.  Promoted and attended the Bark in the Park event on Saturday. There was a good turnout, and we pushed the publicity on social media. Took a lot of pictures.
4.  As a reminder, I will not be attendance for the upcoming Sept. 25 City Council Meeting, as I will be attending a work-related seminar out of town. We are exploring options to have someone else stream the council meeting via YouTube, but we may not be able to do so. If we are not able to provide the video stream, we will announce it via social media and the website calendar.

Police:

City Council:
(Scott Bracken)
CH2 Meeting September 12, 2018

Special Events:
BCC Marathon went well, CHRC helped with an aid station as usual.
Bark in the Park will be (was) 9/15 at Moutnview - lots of fun for the doggies, free hot dogs and snocones
Monster Mash will be Friday October 26th after school.

Parks/Trails:
The fields at Mountview Park continue to be stressed from use/overuse. We have dealt with this problem since construction of the park and the over-compaction of the underlying soil. We will do another deep-tine aeration to try and help. Ultimately we need to decide if/when we just do reconstruction of the fields.
The Splash Pad will remain open until there are 3 consecutive days with a high of <70 degrees

Board/Council/CM updates:
Pickleball courts are looking to be started in late September - finishing surface to be done in spring when weather permits.
CHRC has submitted TRCC funding request to add two ADA Restrooms to the outdoor pool area. These were initially part of the last ZAP funding request, but due to estimate/cost issues with the outdoor dive platform, they were unable to be completed with those funds. Hopefully they will get approved this year and be completed for the public's use.
