Cottonwood Heights  
Weekly Update for  
June 18-24, 2017

City Manager

Figure 1- Public Relations Specialist, Dan Metcalf sent this amazing photo to make sure we didn’t forget he was in France last week

Administrative Services
1. Staff and volunteers are working hard to learn their lines and parts for the upcoming Annie play.
2. Butlerville Days planning and preparations are in full-swing as the clock on the City website continues to count down to July 21st and 22nd.

Community and Economic Development
1. Alpha Coffee (7260 Racquet Club Drive) is having a ribbon cutting on Friday, June 30 at 2:30.
2. We had a new business luncheon at Carmine’s. So Yummy!

Engineering
1. Cottonwood Heights has been awarded $250,000 in CATNIP funding to complete the unfinished section of the Big Cottonwood Canyon Trail, approximately 350 linear feet long. The grant is funded by Salt Lake County Regional Planning & Transportation. The County Attorney will be drafting an interlocal agreement for Cottonwood Heights to sign.
2. We are submitting applications for Corridor Preservation Funds to Wasatch Front Regional Council for the additional ROW costs for Fort Union Blvd and Highland Drive Intersection Project.

PHOTOS

Figure 2- Welcome to Matt Ervin, who started last week as an IT Specialist

Figure 3- Directional signage is now in place thanks to our Public Works Dept. directing citizens to the Ferguson Trail Head
Figure 4- The sign on the right of the picture is intended to help visitors to the Ferguson trail head avoid turning down Quicksilver Drive.

Figure 5- Neighbors near the Ferguson Canyon trail head have complained of damage to their property and garbage left behind by hikers.
Figure 6- The UDOT shop continues to get taller and taller

Figure 7- A view of the UDOT shop from 3000 East
Figure 8 - The line between the UDOT and Cottonwood Heights sites is becoming more evident as the construction progresses.

Figure 9 - Piles of road base are visible on the Cottonwood Heights public works yard.
Figure 10- Fence posts are installed along the access road adjacent to the Cottonwood Heights yard

Figure 11- Looking west from the access road toward 3000 East
Figure 12 - The contractor is stockpiling road base in preparation for final grade and future asphalt.

Figure 13 - Road base has been placed along the salt shed apron to allow access to the building.
Figure 14- Crews are parking equipment and vehicles on the access road to allow the contractor to work in the yard

Figure 15- Congratulations to Ann, our youth city council and our public works staff for winning the Queens Award at the Herriman City parade
Figure 16- It’s a train and caboose that make up the Cottonwood Heights parade float for 2017 with the engineer and staff being comprised of Cottonwood Heights Youth City Council members.
