We Need Your Input...
to look at the future of Wasatch Boulevard.

Students from BYU will be conducting a
Town Hall Meeting
on the current and future use of Wasatch Boulevard

Cottonwood Heights City Hall
Wednesday, November 9, 2016
5:30 - 7:30 p.m.
Invite your friends and neighbors

Police

1. Officer TJ Harper has successfully completed his probation with the Police Department.
2. Sergeant Promotional Written Exams are on Monday, November 7th at 10 a.m. and 10 very qualified officers will be testing. We are very excited for them.
3. Please be sure and congratulate Chief Robby Russo and his wife who became proud Grandparents this week.

Engineering

1. Progress is being made in the acquisition of the required easements and ROW for the Fort Union/Highland Intersection. We updated the est. property acquisition costs based on the appraisals for the properties.
2. Pay Request #2 to CSM construction was approved for the Salt Storage Shed.

Public Works

1. We have a new Seasonal Public Works Employee, Mr. Tana Luaao. Mr. Luaao came from Wasatch Front Recycling with high recommendations for his team work and leadership. We are excited to have him.
2. Public Works Operations Specialist, Mitch Ackley and his wife welcomed their little girl Belle to the world on Thursday morning. Congratulations to them all.

Safety Moment

What is a PPE? Personal Protective Equipment. It may be different for every job but common items may include: safety glasses, gloves, facemask (or respirator), full toed shoes, full length pants, reflective vest, hardhat, long sleeve shirt, earplugs, etc. Personal protective equipment is any clothing or other equipment that protects the employee from personal harm or injury due to the environment they work in.

This includes sound, dust or other air-born hazards, chemicals, biohazards, heat, electricity, solid or moving objects, etc. It could be as minor as a paper cut or much more serious. The City has a desire and obligation to keep you safe as you perform you job so please let us know if you are aware of any hazard that you work around and equipment that can help you perform your job more safely.
