COTTONWOOD HEIGHTS COMMUNITY DEVELOPMENT AND RENEWAL AGENCY

RESOLUTION No. 2022-02

A RESOLUTION ADOPTING THE PROJECT AREA PLAN FOR THE "TOWN CENTER AT 2300 EAST FT. UNION" COMMUNITY REINVESTMENT AREA

WHEREAS, the Community Development and Renewal Agency (the "Agency") of the city of Cottonwood Heights (the "City") was created to transact the business and exercise all of the powers provided for in the Limited Purpose Local Government Entities - Community Reinvestment Agency Act (Title 17C, Chapters 1 through 5, UTAH CODE ANNOTATED (1953 as amended) and any subsequent, replacement or amended law or act (the "Act"); and

WHEREAS, the City has a planning commission and has adopted a general plan pursuant to applicable law; and

WHEREAS, pursuant to section 17C-5-103 of the Act, the Agency's governing board (the "Board") has, by resolution, authorized preparation of a proposed community reinvestment project area plan; and

WHEREAS, pursuant to section 17C-5-103 of the Act, the Agency has (a) prepared a draft of the "Town Center at 2300 East Ft. Union" Community Reinvestment Project Area Plan (the "Project Area Plan") and (b) made the Project Area Plan available to the public at the Agency's offices during normal business hours for at least 30 days prior to the Hearing (defined below); and

WHEREAS, the Agency has held a public hearing (the "Hearing") on the draft Project Area Plan and, at that Hearing, (a) allowed public comment on the draft Project Area Plan and whether the draft Project Area Plan should be revised, approved or rejected, and (b) received all written and heard all oral objections to the draft Project Area Plan; and

WHEREAS, before holding the Hearing, the Agency provided the State Board of Education and each taxing entity that levies a tax on property within the Town Center at 2300 East Ft. Union Community Reinvestment Project Area (the "Project Area") an opportunity to consult with the Agency regarding the draft Project Area Plan; and

WHEREAS, before holding the Hearing, the Agency also provided notice of the Hearing as required by section 17C-5-104(3)(d) of the Act; and

WHEREAS, after holding the Hearing, and at the same meeting the Agency considered the oral and written objections to the draft Project Area Plan, and whether to revise, approve or reject the Project Area Plan; and

WHEREAS, less than one year has passed since the date of the Hearing;

WHEREAS, the Board met on 13 December 2022 to consider, among other things, adopting the Project Area Plan, designating the boundaries of the Project Area, and specifying the Agency's purposes and intent for the Project Area; and

WHEREAS, after careful consideration, the Board has determined that it is appropriate to act as specified below.

NOW, THEREFORE, BE IT RESOLVED by the governing board of the Cottonwood Heights Community Development and Renewal Agency as follows:

- 1. <u>Adoption of Project Area Plan</u>. It has become necessary and desirable to adopt the Project Area Plan for the Project Area effective 13 December 2022. The Project Area Plan is hereby designated as the official Project Area Plan for the Project Area. The Agency hereby officially adopts the Project Area Plan by this Resolution and shall submit the Project Area Plan, together with a copy of this Resolution, to the City, requesting that the Project Area Plan be adopted by ordinance of the City's legislative body in accordance with the provisions of the Act.
- 2. <u>Legal Description of the Project Area Boundaries</u>. The legal description of the boundaries of the Project Area covered by the Project Area Plan is attached hereto and incorporated herein as Exhibit "A," and a map of the Project Area is attached hereto and incorporated herein as Exhibit "B."
- 3. <u>Agency's Purposes and Intent</u>. The Agency's purposes and intent with respect to the Project Area are to accomplish the following with the assistance of private developers and property owners:
- (a) Encourage, undertake and/or facilitate new development within the project area including public uses, various types of multi-family housing units including a reasonable percentage of affordable units, office, retail, and general commercial uses including restaurant space.
- (b) Provide essential governmental services to the Project Area by providing a mechanism to develop public infrastructure to the Project Area.
- (c) Provide for the strengthening of the tax base and economic health of the community.
- 4. <u>Project Area Plan Incorporated by Reference</u>. The Project Area Plan, together with its supporting documents, are incorporated herein by reference and made a part of this Resolution. Copies of the Project Area Plan shall be filed and maintained in the office of the Agency and the City Recorder for public inspection. A copy of the Project Area Plan is included in Exhibit "C" attached hereto and incorporated herein by this reference.
- 5. <u>Board Findings</u>. The Board hereby determines and finds that adoption of the Project Area Plan will:
- (a) Satisfy a public purpose by, among other things, encouraging and accomplishing appropriate development within the Project Area;

- (b) Provide a public benefit, as shown by the benefit analysis that was performed for the Project Area as required by Subsection 17C-5-105(12) of the Act;
- (c) Be economically sound and feasible, in that some of the revenue needed for the implementation of the plan will come from property taxes generated by new private development within the Project Area;
- (d) Conform to the City's general plan, in that the Project Area Plan provides that all development in the Project Area is to be in accordance with the City's zoning ordinances and requirements; and
 - (e) Promote the public peace, health, safety and welfare of the City's residents.

6. Financing.

- (a) Subject to any limitations required by currently existing law (unless a limitation is subsequently eliminated), this Resolution hereby specifically incorporates all of the provisions of the Act that authorize or permit the Agency to receive funding for the Project Area and that authorize the various uses of such funding by the Agency, and to the extent greater (or more beneficial to the Agency) authorization for receipt of funding by the Agency or use thereof by the Agency is provided by any amendment of the Act or by any successor provision, law or act, those are also specifically incorporated herein. It is the intent of this Resolution that the Agency shall have the broadest authorization and permission for receipt of and use of sales tax, tax increment and other funding as is authorized by law, whether by existing or amended provisions of law. This Resolution also incorporates the specific provisions relating to funding of community reinvestment project areas permitted by UTAH CODE ANN. Title 17C, Chapter 5, Part 2 (1953, as amended).
- (b) The particulars as to the amount and duration of funding for the Project Area shall be as provided in Project Area Budget, which will be subsequently adopted, and any increment secured through interlocal agreements with taxing entities as provided in Part 2 of Chapter 5 of the Act.

This Resolution, assigned no. 2022-02, shall take effect immediately upon adoption, and pursuant to the provisions of the Act, the Project Area Plan shall become effective upon its adoption by ordinance of the City's legislative body.

PASSED AND APPROVED effective 13 December 2022.

Definitions

As used in this Community Reinvestment Project Area Plan, the term:

- "Act" shall mean and include the <u>Limited Purpose Local Government Entities Community Reinvestment Agency Act</u> in Title 17C, Chapters 1 through 5, Utah Code Annotated 1953, as amended, or such other amendments as shall from time to time be enacted or any successor or replacement law or act.
- "Agency" shall mean the Cottonwood Heights Community Development and Renewal Agency, which is a separate body corporate and politic created by the City pursuant to the Act and which was created by Resolution 2006-01, approved by the Agency on June 27, 2006.
- "Base taxable value" shall mean the agreed value specified in a resolution or interlocal agreement under Subsection 17C-1-102(8) from which tax increment will be collected.
- "Base year" shall mean the agreed upon year for which the base taxable value is established and shall be incorporated into the interlocal agreements with participating taxing entities.
- "Base taxable year" shall mean the Base Year during which the Project Area Budget is approved pursuant to Subsection 17C-1-102(9)(d).
- "City" or "Community" shall mean Cottonwood Heights City.
- "Legislative body" shall mean the City Council of Cottonwood Heights which is the legislative body of the City.
- "Plan Hearing" shall mean the public hearing on the draft Project Area Plan required under Subsection 17C-1-102 (41) and 17C-5-104(3)(e).
- "Project Area" shall mean the geographic area described in this draft Project Area Plan where the community development and reinvestment is anticipated to take place, as further referenced and included by this definition in **Exhibit A** and **Exhibit B** attached hereto.
- "Net Present Value (NPV)" shall mean the discounted value of a cash flow. The NPV illustrates the total value of a stream of revenue over a number of years expressed in terms of current or present-day dollars.
- "Project Area Budget" shall mean (as further described under 17-C-5-303 of the Act) the multi-year projection of annual or cumulative revenues, other expenses and other fiscal matters pertaining to the Project Area that includes:
 - the base taxable value of property in the Project Area;
 - the projected tax increment expected to be generated within the Project Area;

- the amount of tax increment expected to be shared with other taxing entities;
- the amount of tax increment expected to be used to implement this Project Area Plan:
- if the area from which tax increment is to be collected is less than the entire Project Area:
 - the tax identification number of the parcels from which tax increment will be collected; or
 - a legal description of the portion of the Project Area from which tax increment will be collected; and
- for property that the Agency owns and expects to sell, the expected total cost of the property to the Agency and the expected selling price.

"Project Area Plan" or "Plan" shall mean the written plan (outlined by 17C-5-302 of the Act) that, after its effective date, guides and controls the community reinvestment activities within the Project Area. Project Area Plan refers to this document and all of the attachments to this document, which attachments are incorporated by this reference. It is anticipated that the COTTONWOOD HEIGHTS TOWN CENTER AT 2300 EAST FORT UNION PROJECT AREA PLAN will be subject to an interlocal agreement process with the taxing entities within the Project Area.

"Taxes" includes all levies on an ad valorem basis upon land, local and centrally assessed real property, personal property, or any other property, tangible or intangible.

"Taxing Entity" shall mean any public entity that levies a tax on any property within the Project Area.

"Tax Increment" shall mean the difference between the amount of property tax revenues generated each tax year by all taxing entities from the Project Area using the current assessed value of the property and the amount of property tax revenues that would be generated from the same area using the base taxable value of the property.

"Tax Increment Collection Period" shall mean the period of time in which the taxing entities from the Project Area consent to a portion of their tax increment to be remitted to the Agency from within the Project Area and used to fund the objectives outlined in this Project Area Plan.

"Tax Year" shall mean the 12-month period between sequential tax roll equalizations (November 1st - October 31st) of the following year, e.g., the November 1, 2018 - October 31, 2019 tax year.

Introduction

The Cottonwood Heights City Community Development and Renewal Agency ("Agency"), has the opportunity to enable developments to be realized within the vicinity of Cottonwood Heights City (the "City") near the intersection of Fort Union Boulevard and 2300 East. In consideration of the City's residents, as well as the City's capacity for new development, the Agency has carefully crafted the *draft* Project Area Plan (the "Plan") for the COTTONWOOD HEIGHTS TOWN CENTER AT 2300 EAST FORT UNION COMMUNITY REINVESTMENT PROJECT AREA (the "Project Area"). The purpose of the Project Area is to enable developments that would already be developed or would be under construction, but for specific hurdles that, without assistance, the property owners and or developers could not overcome.

Cottonwood Heights is actively pursuing the acquisition of a key parcel in this project area. Known today as the 'Hillside Plaza' shopping center, this 7.19 acre parcel is an anchor for the project area, and will catalyze redevelopment on surrounding parcels. The parcel currently sits largely underutilized, with an outdated 'strip-mall' development pattern that warrants full redevelopment. The city has long envisioned the area as a public destination and town center area. Additionally, the site is identified as a center on the Wasatch Front Regional Council's Wasatch Choice Vision Plan. The city's intent to purchase the property will ensure it is properly redeveloped with public components and in ways that are compatible with the long-range visions for the site. Additionally, the city has submitted a request to the Governor's Office of Economic Opportunity for assistance in acquiring the land. It then intends to enter into a public-private partnership with a development company to develop the land in a way that includes adequate public space, an appropriate mix of housing (and affordable housing options) and bring revitalized and enhanced commercial opportunities to the region.

The City and Agency have undergone a comprehensive evaluation of the types of appropriate land-uses and economic development for the land encompassed by the Project Area. The Plan is intended to define the method and means of supporting the property owners and or developers in overcoming the development shortfalls which will improve the Project Area from its current state to a higher and better use. The Project Area Plan is consistent with the General Plan of the City and is believed to facilitate the desired land-uses for the Project Area.

It is envisioned that bonds will be issued through the Agency to ensure that the Agency and City are successful in the purchase of this future anchor property in the Project Area. The issuance of bonds will be undertaken in accordance with prior established laws and regulations regarding public finance bonds, and under a separate contract to ensure that the Agency and City achieve the most favorable terms based upon current market conditions.

The City has determined it is in the best interest of its residents to assist in the development of the Project Area. It is the purpose of this Plan to clearly set forth the aims and objectives of development, scope, potential financing mechanism, and value to the residents of the City and other taxing entities within the Project Area.

The Project Area is being undertaken as a community reinvestment project area ("CRA") pursuant to certain provisions of Chapters 1 and 5 of the Utah Limited Purpose Local Governmental Entities -- Community Reinvestment Agency Act (the "Act", Utah Code Annotated ("UCA") Title 17C). The requirements of the Act, including notice and hearing obligations, have been observed at all times throughout the establishment of the Project Area. The realization of the Plan is subject to interlocal agreements between the taxing entities individually and the Agency.

Resolution Authorizing the Preparation of a Draft Community Reinvestment Project Area Plan

Pursuant to the provisions of §17C-5-103 of the Act, the governing body of the Agency adopted a resolution authorizing the preparation of a draft Community Reinvestment Project Area Plan on **May 21, 2019**. This resolution is included as **Exhibit D**.

Utah Code §17C-5-104

Recitals of Prerequisites for Adopting a Community Reinvestment Project Area Plan

In order to adopt a community reinvestment project area plan, the Agency shall;

- Pursuant to the provisions of §17C-5-104(1)(a) and (b) of the Act, the City has a planning commission and General Plan as required by law; and
- Fursuant to the provisions of §17C-5-104 of the Act, the Agency has conducted or will conduct one or more public hearings for the purpose of informing the public about the Project Area, and allowing public input into the Agency's deliberations and considerations regarding the Project Area; and
- Pursuant to the provisions of §17C-5-104 of the Act, the Agency has allowed opportunity for input on the *draft* Project Area Plan and has made a *draft* Project Area Plan available to the public at the Agency's offices during normal business hours, provided notice of the plan hearing, sent copies of the *draft* Project Area Plan to all required entities prior to the hearing, and provided opportunities for affected entities to provide feedback.

UTAH CODE §17C-5-105(1)

Description of the Boundaries of the Proposed Project Area

A legal description of the Project Area along with a detailed map of the Project Area is attached respectively as **Exhibit A** and **Exhibit B** and incorporated herein. The Plan focuses on the intersection of Fort Union Boulevard and 2300 East. The current land use in the Project Area is split between land zoned for industrial use, office use, commercial use, and residential use. The Project Area is comprised of approximately 58 parcels, equaling approximately 68.21 acres of land. See **Exhibit C** for full Parcel List.

As delineated in the office of the Salt Lake County Recorder, the Project Area encompasses all of the parcels detailed in **Exhibit C.**

UTAH CODE §17C-5-105(1)

General Statement of Land Uses, Layout of Principal Streets, Population Densities, Building Densities and How They Will be Affected by the Project Area

General Land Uses

The Project Area's land is split between land zoned for industrial use, office use, commercial use, and residential use.

Table 1 summarizes the approximate acreage of existing land uses by land use type.

TABLE 1: LAND USES

Type	Acres	% of Area
Industrial	10.44	15%
Office	10.91	16%
Commercial	24.48	36%
Residential	11.35	17%
Other (Government, Vacant, Etc.)	11.03	16%
Total	68.21	100%

This Project Area Plan is consistent with the General Plan and Area Master Plans of the City and promotes economic activity by virtue of the land uses contemplated. Any zoning change, amendment or conditional use permit necessary to the successful development contemplated by this Project Area Plan shall be undertaken in accordance with the requirements of the City's Code and all other applicable laws including all goals and objectives in the City's General Plan.

Layout of Principal Streets

The principal streets within the Project Area that is located along and near the intersection of Fort Union Blvd. and 2300 East in the City. The Project Area map, provided in **Exhibit B**, displays the principal streets located within the Project Area.

Population Densities

The estimated population density of the Project Area is 10.21 residents per acre. There are 8 residential buildings, a 52-unit senior center, and a 198-unit apartment complex within the Project Area.

Building Densities

Currently, there are 50 buildings within the Project Area. Building densities will increase as development occurs. The intent of this Plan is to better utilize the land area by including parking structures and more dense oriented developments. The vacant Hillside Plaza mall is also located within the Project Area Boundaries.

Impact of Community Development and or Reinvestment on Land Use, Layout of Principal Streets, and Population Densities

Community reinvestment activities within the Project Area will mostly consist of development and economic enhancement of underutilized areas, such as the vacant Hillside Plaza mall. The types of land uses will include: multi-family residential (including affordable housing), office, retail, hotel, and restaurant space. In order to promote the development of the Project Area, the Agency, along with property owners, developers, and/or businesses will need to construct infrastructure improvements and create better utilization of land or redevelop existing land into more efficient parcels with more efficiently designed structures.

Land Use – It is anticipated that future development will create space for offices, multi-family housing, community gathering areas and commercial businesses.

Layout of Principal Streets – While the Project Area does intend to support development by aiding in the construction of roads, these projects will not alter the configuration of principal streets. The roads will simply tie into the principal streets and enhance the overall accessibility of transportation connectivity.

Population Densities – The Agency and City anticipate redeveloping the Hillside Plaza mall to incorporate an area appropriate mix of housing, including multi-family residential and affordable housing units. The Agency and City estimate that around 300 to 450 people could possibly be housed in this parcel, with requisite public open space, commercial and retail components, and other revitalization projects.

UTAH CODE §17C-5-105(C)

Standards Guiding the Community Reinvestment

In order to provide maximum flexibility in the development and economic promotion of the Project Area, and to encourage and obtain the highest quality in development and design, specific development controls for the uses identified above are not set forth herein. Each development proposal in the Project Area will be subject to appropriate elements of the City's General Plan, Bike and Trails Master Plan, and Town Center at 2300 East Fort Union Master Plan; the Zoning Ordinance of the City, including adopted architectural Design Guidelines pertaining to the area; institutional controls, deed restrictions if the property is acquired and resold by the Agency, other applicable building codes and ordinances of the City; and, as required by ordinance or agreement, review and recommendation of the Planning Commission and approval by the Agency.

Each development proposal by an owner, tenant, participant or a developer shall be accompanied by site plans, development data and other appropriate material that clearly describes the extent of proposed development and any other data determined to be necessary or requested by the Agency or the City.

UTAH CODE §17C-5-105(D)

How the Purposes of this Title Will Be Attained By Community Reinvestment

It is the intent of the Agency, with the assistance and participation of private developers and property owners, to facilitate new development within the Project Area, including multi-family housing, office, retail, lodging, and restaurant space.

UTAH CODE §17C-5-105(E)

Conformance of the Proposed Development to the Community's General Plan

The proposed Town Center at 2300 East Fort Union Community Reinvestment Project Area Plan and the development contemplated are consistent with the City's General Plan and land use regulations.

UTAH CODE §17C-5-105(G)

Describe any Specific Project or Projects that are the object of the Proposed Community Reinvestment

The vision for the Fort Union Boulevard Corridor is to establish it as a center for City activity and business. The Hillside Plaza is currently under-utilized, and the City currently plans to purchase the parcel and enter into a public-private partnership to redevelop the land into a highly trafficked town center style development. Likely redevelopments in this area include multi-family housing, multiple commercial lots and developments that create better cohesion between parcels in the project area. The City envisions a public-private partnership as the most efficient way to construct suitable housing units, to help alleviate housing pressure within the City's boundaries. Redevelopment of the Hillside Plaza presents a rare opportunity to redevelop a large parcel and assist in the "futureproofing" of the City. Additionally, the City would like to capitalize on the Project Area's proximity to outdoor recreation and other activities that serve as major attractions to residents and visitors, and leverage those factors to attract business opportunities.

UTAH CODE §17C-5-105(H)

Method of Selection of Private Developers to undertake the Community Reinvestment and Identification of Developers Currently Involved in the Process

The City and Agency will partner with developers to create development as solicited or presented to the Agency and City that meets the development objectives set forth in this plan. The City and Agency retain the right to approve or reject any such development plan(s) that in their judgment do not meet the development intent for the Project Area. To the extent the RDA owns, controls, or partners on the land The City and Agency may choose to solicit development through an RFP or RFQ process,

through targeted solicitation to specific industries, from inquiries to the City and or Agency.

The City and Agency will ensure that all development conforms to this Plan and is approved by the City. If seeking CRA funds all potential developers may need to provide a detailed development plan including sufficient financial information to provide the City and Agency with confidence in the sustainability of the development and the wherewithal of the developer to successfully finance said development. Such a review may include a series of studies and reviews including reviews of the developer's financial statements, third-party verification of benefit of the development to the City, appraisal reports, etc.

Any participation between the Agency and developers and or property owners shall be governed by a Participation/Development Agreement or similar agreement as approved by the Agency.

UTAH CODE §17C-5-105(I)

Reason for Selection of the Project Area

The Town Center at 2300 East Fort Union Master Plan provides an opportunity to accommodate new multi-family housing, affordable housing, office, retail, lodging and restaurant space in the City. New developments will create new high to moderate paying jobs and increase the tax base to the City, County, School District and other taxing entities. The proposed Project Area is intended to provide a means for the City to meet the goals outlined in the General Plan. The opportunity to purchase such a large parcel within the City boundaries is rare, and the City is well suited to manage a major redevelopment effort in the Project Area. The Agency and City are aware that the affordability of homes in the City and surrounding region is of major concern to residents and those looking to relocate to the City for work purposes. By providing an appropriate amount of additional housing options, adequate public space, and commercial space, the City is in a prime position to continue to meet the need of long-time residents and those looking to move into the City boundaries.

UTAH CODE §17C-5-105(J)

Description of Physical, Social and Economic Conditions Existing in the Project Area

Physical Conditions

The Project Area consists of approximately 68.21 acres of land, the land is flat and centrally located.

Social Conditions

The Project Area holds great potential as a means of connecting people from around the City to retail, office, and housing opportunities within the City. The Project Area is located near the popular Little and Big Cottonwood Canyons and as such, attracts and entertains many recreational visitors.

Economic Conditions

The Project Area is mostly developed with approximately 24 acres of general retail commercial, 10 acres of industrial space, 11 acres of office complexes, 11 acres of residential, and 11 acres of Government buildings or vacant land. The area is ready for mass redevelopment. In close proximity to the Project Area are a few developments, including Whitmore Library, Dan's Market, Hillside Floral, and Skimo company.

UTAH CODE §17C-5-105(к)

Description of any Tax Incentives Offered Private Entities for Facilities Located in the Project Area

It is anticipated that this Project Area Plan will require Tax Increment financing in order to achieve the objectives noted herein. Thus, Tax increment arising from the development within the Project Area shall be used for public infrastructure improvements, such as constructing new roads, Agency requested improvements and upgrades, both off-site and on-site improvements, land and job-oriented incentives, desirable Project Area improvements, paying outstanding debt or bond obligations, and other items as approved by the Agency. Subject to provisions of the Act, the Agency may agree to pay for eligible costs and other items from taxes during the Tax Increment Collection Period which the Agency deems to be appropriate under the circumstances. The Agency will consider each request for support individually, paying close attention to the potential costs and benefits.

In general, tax incentives may be offered to achieve the community reinvestment goals and objectives of this Plan, specifically to:

- Increase the housing supply, including affordable housing;
- Figure 2 Enable and accelerate economic development;
- Stimulate job development;
- Make needed infrastructure improvements to roads, street lighting, water, storm water, sewer, and parks and open space;
- Assist with property acquisition and/or land assembly; and
- Frovide attractive development for high-quality commercial/office tenants.
- Frovide opportunity to create community gathering areas.

The Project Area Budget will include specific participation percentages and timeframes for each taxing entity. Furthermore, a resolution and interlocal agreement will formally establish the participation percentage and Tax Increment Collection Period for each taxing entity.

UTAH CODE §17C-5-105(2)

Anticipated Public Benefit to be Derived from the Community Development

UTAH CODE §17C-5-105(2)(ii)(A)

The Beneficial Influences upon the Tax Base of the Community

The beneficial influences upon the tax base of the City and the other taxing entities will include increased property tax revenues, increased sales and use tax revenues, the potential creation of municipal and county transient room taxes, and job creation. The increased revenues will come from the property values associated with new construction in the Project Area, as well as increased spending at new commercial properties, spending by the commercial and office space employees, and the potential hotel stays within the Project Area from individuals outside of the City, County and even the State of Utah.

Job growth in the Project Area will result in increased wages, increasing local purchases and benefiting existing businesses in the Project Area. Job growth will also result in increased income taxes paid, which will be beneficial to the school district and the State of Utah. Additionally, business growth will generate corporate income taxes, also a benefit to the school district and State of Utah.

There will also be a beneficial impact on the community through increased construction activity within the Project Area. Positive impacts will be felt through construction wages paid, as well as construction supplies purchased locally.

UTAH CODE §17C-5-105(2)(ii)(B)

The Associated Business and Economic Activity Likely to be Stimulated

Other business and economic activity likely to be stimulated includes increased spending by new employees in the Project Area and in surrounding areas. This includes both direct and indirect purchases that are stimulated by the spending of the additional employees in the area.

Employees may make some purchases in the local area, such as convenience shopping for personal services (haircuts, banking, dry cleaning, etc.). The employees will not make all of their convenience or personal services purchases near their workplace and each employee's purchasing patterns will be different. However, it is reasonable to assume that a percentage of these annual purchases will occur within proximity of the workplace (assuming the services are available). An established town center in Fort Union will attract residents, outside visitors, and ski tourist traffic. The town center will ultimately provide better continuous utilization of sale. The combination of development and possible future public transportation stations in the Project Area are likely to increase economic activity.

UTAH CODE §17C-5-105(2)(B)

Efforts to Maximize Private Investment

The Agency is in discussions with developers who are looking to develop properties located within the Project Area. Creating a CRA will act as a catalyst to jumpstart the development of the area and guide the development to be higher density and make more efficient use of land area.

But For Analysis

UTAH CODE §17C-5-105(2)(C) The Project Area is located at a prime location, along and near the intersection of Fort Union Blvd. and 2300 East and in an area that is anticipating redevelopment. There are however, hurdles that are preventing further development of the area. But for the creation of the Project Area, the public participation vehicle of tax increment financing, and the ability of the Agency to issue bonds to purchase the Hillside Plaza, some of the planned redevelopment will likely not get constructed and other developments will be delayed a number of years. It will be near impossible to create continuity between many parcels in the project area and realize the City's vision but for the creation of the Project Area and public participation. Based on the Benefits Analysis included in the following section, public participation will bring \$29,763,735 of benefit to the taxing entities over the life of the Project Area, which is depicted in Table 6 below.

UTAH CODE §17C-5-105(2)

Cost/Benefit Analysis

Based on the land use assumptions, current economic and market demand factors, tax increment participation levels, public infrastructure, land assemblage, and incentive needs, the following table outlines the benefits (revenues) and costs (expenditures) anticipated in the Project Area. This does not factor in the benefit of other economic multipliers such as job creation, disposable income for retail consumption, etc. For purposes of the RDA, Cottonwood Heights will only collect incremental property taxes from the taxing entities. Though sales tax and franchise tax will not be included in the City's tax revenues, it been included in the cost benefit analysis to show the overall benefit of the development to the city. The revenues calculated in this analysis are property, sales, and franchise tax. The expenditures consist of general government, public safety, public works, and property tax participation. The net benefit is calculated using total revenues less total expenditures. As shown below, the proposed community reinvestment will create a net benefit to Cottonwood Heights City and the other taxing entities that levy a tax within the Project Area.

Note - The city has not included a plan budget or tax increment projections from other taxing entities. The city intends to adopt the initial plan and at a later date incorporate a budget and increment projections after beginning the process of coordinating interlocal agreements with each taxing entity for potential investment in the area.

EXHIBIT A: Legal Description of Cottonwood Heights (Town Center at 2300 East Fort Union) CRA

EXHIBIT D: Resolution Authorizing Preparation of Draft Community Reinvestment Project Area Plan

COTTONWOOD HEIGHTS COMMUNITY DEVELOPMENT AND RENEWAL AGENCY

RESOLUTION No. 2019-02

A RESOLUTION ADOPTING A SURVEY AREA AND INITIATING
THE PROCESS OF ADOPTING A COMMUNITY REINVESTMENT PROJECT
AREA PLAN AND BUDGET FOR THE TOWN CENTER AT 2300 EAST
FT. UNION COMMUNITY REINVESTMENT AREA

WHEREAS, the Community Development and Renewal Agency (the "Agency") of the city of Cottonwood Heights (the "City") was created to transact the business and exercise all of the powers provided for in the Limited Purpose Local Government Entities - Community Reinvestment Agency Act (Title 17C, Chapters 1 through 5, UTAH CODE ANNOTATED, 1953 as amended) and any subsequent, replacement or amended law or act (the "Act"); and

WHEREAS, pursuant to Section 17C-5-103 of the Act, the Agency's governing board (the "Board") is empowered to initiate the process of adopting a community reinvestment project area plan by adopting a survey area resolution that meets the requirements of that statute; and

WHEREAS, pursuant to Section 17C-5-303 of the Act, the Board also is empowered to prepare a proposed budget for a proposed community reinvestment project area (a "budget"); and

WHEREAS, the Board met on 21 May 2019 to consider, among other things, (a) designating the geographic area (the "Survey Area") that is located along and near the intersection of Fort Union Blvd, and 2300 East in the City and is shown on the attached map (the "Map") as a "survey area" for purposes of Section 17C-5-103 of the Act; (b) authorizing the Agency to prepare a proposed community reinvestment project area plan and budget for each proposed community reinvestment project area; and (c) authorizing the Agency to conduct any examination, investigation, or negotiation regarding the proposed community reinvestment project area that the Agency considers appropriate; and

WHEREAS, the Survey Area requires study to determine whether project area development is feasible within one or more proposed community reinvestment project areas within the Survey Area; and

WHEREAS, after careful consideration, the Board has determined that it is appropriate to so act;

NOW, THEREFORE, BE IT RESOLVED by the governing board of the Cottonwood Heights Community Development and Renewal Agency as follows:

- The Survey Area shown on the attached Map is hereby designated as a "survey area" for purposes of Section 17C-5-103 of the Act;
- The Board affirms that the Survey Area requires study to determine whether project area development is feasible within one or more proposed community reinvestment project areas within the Survey Area; and

- 3. The Agency and its staff are hereby authorized to:
- (a) Prepare a proposed community reinvestment project area plan and budget for each proposed community reinvestment project area; and
- (b) Conduct any examination, investigation, or negotiation regarding the proposed community reinvestment project area that the Agency considers appropriate.
- (c) Take other and additional actions necessary or prudent in considering and creating the proposed community reinvestment project area plan and budget for the proposed community reinvestment project area in full compliance with the Act.

This Resolution, assigned no. 2019-02, shall take effect immediately upon passage.

PASSED AND APPROVED effective 21 May 2019.
