From the Police:

History Summary:

Fifteen years ago, the police department received a grant from Highway Safety to buy radar guns. Over time, the devices have exceeded their lifespan and the technology has evolved. The department has managed to assemble three working radar units from the remaining parts.

Surplus Request:

The radar units currently in use for traffic enforcement are not certified, so the department has acquired new technology. We believe it would be beneficial to surplus the units listed by serial number and allow them to be utilized by community partners. For example, the Brighton High School baseball/softball program could benefit from using these devices in their current state to enhance their program. The police department is requesting that the following units be declared surplus and transferred to community programs.

- Stalker II Serial number AS005087
- Stalker II Serial number AS005088
- Stalker II Serial number AS005099

Staff Recommended Action: Support surplus of old radar units

From Finance / Budget:

I recommend these phones be listed for surplus and disposed of recouping funds back into the General Fund.
